BUILDING EXCELLENCE!

with Fellowship, Leadership, Scholarship and Service!

As we look to the future of our brotherhood, we know that the chapter house will serve a central role in our long-term success.

For many of us, our years in Kappa Sigma were our launching pad. We developed organizational and social skills, and lifetime friendships that have served us well in life. “Not for a college-term only” is alive and well within our brotherhood!

Lambda-Xi is fast approaching 50 years old, and we want to ensure our long-term future by raising at least \$400,000 dollars to help fund the following:

- Complete renovation of downstairs to convert to a chapter-hall, living room, trophy room, kitchen, and bathrooms
- Complete renovation of upstairs creating 5 bedrooms/5 baths including a GM Suite
- New HVAC system for entire house
- New Driveway and Parking Pad
- New Exterior Paint, Gutters, Shutters, Outdoor Pavilion with outdoor cooking and dining and updated landscaping

We invite all alumni, parents, and undergraduates to be a part of effort honoring our past and ensuring our future. There are many giving levels and naming opportunities. Consider how you can leave your legacy to help preserve Kappa Sigma for another 50 years. Thank you in advance for your support!

Why we support

THE CAMPAIGN

**Jay

Forty-five years ago I had no idea what belonging to Kappa Sigma, and especially Lambda-Xi, would mean to me after

graduating from Georgia College.

The opportunities of leadership, team building, networking and time management have been a significant part of my life since. Knowing what I learned as a Brother has provided me with success throughout my professional career. For that I am grateful. Now that my career has begun to wind down, I look back and understand my success began as a Brother in Lambda-Xi.

It is now time that I give back a little of my treasure to support this cause ensuring that Kappa Sigma and Lambda-Xi remain strong and the best. I hope you will feel the same.

I'm the new Housing Corporation President and have a passion for this chapter and the Legacy that it represents in my life. Kappa Sigma helped mold me into a gentleman and provided a framework for success during the crucial years of my young adulthood. Kappa Sigma has been a part of my entire family's life from my wife being a "little sister" to my oldest son being a Grand Master. We recently initiated my youngest son into Kappa Sigma, and I look forward to the positive impact our brotherhood will have in his life as well. Let's ensure the legacy of Lambda-Xi for many years to come by investing in the chapter house! This is an investment that will prove to be the cornerstone for the chapters continued success for another 50 years. Craig Henry carried the baton as far as he could and now, we must ALL step up to help finish the race! Brothers, please consider giving generously to this project as this is a way to give back to not only the chapter, but to also support their efforts in Fellowship, Leadership, Scholarship, and Service. It has been 29 years since I became a part Lambda-Xi and Kappa Sigma. All I knew back then was how fun it looked and I really didn't have the ability to comprehend what it would mean for the rest of my life. My future was truly impacted in some way by every brother I was able to spend time with and it still is to this day. My career was started by an introduction through a Fraternity brother. I still have my paddles, the group portraits, and memories that go through my mind on a daily basis....(most of them I am pretty proud of). Lambda-Xi taught me about life, true brotherhood, true friendship, business, and so much more. If this project can impact just one person the way that our Fraternity impacted me then it is money well spent. We have an obligation to continue to keep Lambda-Xi alive and well. Some of these young men need it now more than ever before. Please join us in this endeavor in any way you can to keep the candle burning!!!

THE CAMPAIGN

1994

I'm the new Treasurer of The Craig Henry Foundation. When I took on this role, we unfortunately, were at crossroads so to speak for the future of Lambda-Xi at GCSU. When I was an active brother, for what seemed like just yesterday, we had a house that we were very proud of, in fact, we were the ONLY fraternity on campus that owned a house. And while it was Craig Henry's dream to have a fraternity row, that never was realized by the powers that be at GCSU. However, having a house that we owned right next to campus was invaluable to our brotherhood as it was a meeting place for brothers to hang out, socialize, be visible to others, and a place for potential rushees to visit. We displayed our historical accomplishments throughout it and proudly displayed our trophies and awards for others to see. The role of the house, at a height of Lambda-Xi's success, was invaluable at that time. That is the VERY reason why I felt it to be so IMPORTANT for us to save the house, not just for the memories, but for the very survivability of the future of Kappa Sigma at GCSU.

The Phoenix Project (the house renovation) is going to be a HUGE undertaking but is one that I think is worth it at ALL costs if we want our chapter to survive. I've spoken to the active brothers, and they desperately want a house they can be proud of. With the current re-design, I believe we will be giving them exactly that. The redesign gives us a chapter hall in our house, something we've never had, and addresses a lot of changes that needed to be made for the house to a viable solution for not only the future brothers that will live there but for the chapter itself. If all goes as planned and with EVERYONE'S support, I believe we will once again become the leaders on campus that will breed leaders in business and as adults. Think back to what Kappa Sigma meant to you, what it has done for you, what it taught you....and I think you will agree, we MUST do this for the current brothers and for generations of Kappa Sigma's yet to come! We named this project, the Phoenix Project as a symbol of what this undertaking represents, taking an old house that has served her purpose but has become worn down and raising her from the ashes to soar with pride once again! I welcome your support and hope we'll meet again in the NEW & IMPROVED KAPPA SIGMA INTERNATIONAL FRATERNITY HOUSE! Feel free to contact me at any time if you have any questions or want to know how you can donate your financial support that is very much needed at this most crucial time in our history!
